

JAN 0 5 1990

Mr. Richard Brook, Administrator  
 Florence Township Municipal Building  
 711 Broad Street  
 Florence, New Jersey 08518

Dear Mr. Brook:

Enclosed please find two copies each of documents pertaining to the Roebling Steel Superfund site in Florence Township, New Jersey. These documents are to be included in the information repository that has been established at the Florence Township Municipal Building for the site. The enclosed documents are as follows:

Final Focused Feasibility Study for the Interim Action

Proposed Plan for the Interim Action

As you know, this repository allows interested individuals access to information about the site and is an important part of the U.S. Environmental Protection Agency's Superfund Community Relations Program. If you have any questions, please do not hesitate to contact our community relations staff at (212) 264-7054, and thank you for your assistance.

Sincerely yours,

Tamara Rossi, Project Manager  
 Central New Jersey Remedial Action Section
